

- **Role/Designation:** Specialist Programmer – Expert Track
- **Compensation:** INR 16,00,000 per annum

Role expectation: Writes high performance, high quality code that is scalable and extensible in functional, procedural or object-oriented languages with the objective of ensuring the highest levels of code quality with test coverage (Code Right First Time, Every Time, Zero Defect Delivery). Right bent of mind to work on highly transactional, distributed, large-scale system designed with AI first approach.

Job description:

Work on technology areas like

- ✓ **Java micro services-** Java/JEE, Spring boot, Kubernetes, Quarkus,
- ✓ **Big data AI & ML-** Hadoop HDFS, Hive, Spark, Storm, Kafka, Spark mlib, Azure ML, TensorFlow, PyTorch
- ✓ **Functional Programming-** Scala, Akka, Play, Kotlin
- ✓ **Scripting & NOSQL-** Reactjs, Angular 9,10, 11, Expressjs, Node.js, MongoDB, Cassandra
- ✓ **DevOps -** Ansible, Terraform, Docker, Kubernetes, Jenkins, Git, Jira, Maven/Gradle

Opportunities to work

- On Large scale digital platforms
- On Complex engineering Projects using cloud native architecture
- With Innovative Fortune 500 Companies in cutting edge technologies
- Ability to experiment and come up with innovative solution for challenging problems

Focus on core programming as individual contributors

- End-End contribution from requirements gathering, design, develop, test, deploy and maintain the software
- Manage the project priorities and deadline with best quality.
- Providing solutions with minimum system requirements and in Agile Mode
- Works in multiple technology platform, multiple languages in the technology platform (application/integration/DB, specific OS), performance tuning, handling modularity
- Write high performance, high quality code, that is scalable & extensible in procedural, object oriented & functional languages.
- Co-create and develop new products and platforms for our clients and Infosys Ltd.
- Contribute to open source and continuously upskill in latest technology areas
- Incubating Tech User Groups and meets internally and externally
- Focus on being entrepreneurial and coming up with newer ideas, solutions and platforms
